PROFESSIONAL SUMMARY

Aspiring software developer pursuing a B.Tech in Computer Science, with hands-on experience building full-stack web applications and AI-driven tools. Skilled in developing responsive interfaces with HTML, CSS, JavaScript, and React.js, backed by REST APIs built with Node.js and Express.js, and experienced with MySQL and MongoDB. Strong foundation in Data Structures & Algorithms, OOP, DBMS, and Operating Systems, with a fast-learning mindset and a track record of contributing to real-world projects.

TECHNICAL SKILLS

Languages: Java, C, Python

Web Development: HTML5, CSS3, JavaScript, React.js (basics), Node.js, Express.js, REST APIs, Tailwind CSS, Bootstrap

Tools: Git & GitHub, Postman, VS Code

Core CS: DSA, OOP, DBMS, Operating Systems, SQL

Databases: MySQL, MongoDB

PROJECTS

Student Result Management System – Full Stack Web Application

- Built a full-stack web application allowing admins to add, view, and delete student academic records with subject-wise marks.
- Implemented automatic grade and result calculation on the backend (Node.js) based on percentage, ensuring data integrity regardless of frontend behaviour.
- Designed a RESTful API with 3 endpoints (GET, POST, DELETE) using Express.js for seamless frontend-backend communication.
- Modeled student data in MongoDB using Mongoose schema covering name, roll number, subject marks, total, percentage, grade, and result fields.
- Developed a clean, responsive frontend using HTML, CSS, and JavaScript with dynamic table rendering using the Fetch API.

Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, Mongoose

To-Do List Application – Web-Based Task Manager

- Built a browser-based to-do list app allowing users to add, edit, mark complete, and delete tasks in real time.
- Implemented dynamic DOM manipulation with JavaScript to add and render tasks instantly without page reloads.
- Used localStorage to persist tasks across browser sessions so data is retained after a page refresh.
- Designed a clean, responsive UI with CSS Flexbox, including completed-task styling and edit/delete icons.

Tech Stack: HTML, CSS, JavaScript

WORK EXPERIENCE

Video Editor — Society Projects

- Edited videos for society events and activities; produced 100+ short-form fitness videos for Instagram.

EDUCATION

Kalinga Institute of Industrial Technology July 2023 – Aug 2027

B.Tech in Computer Science and Systems Engineering — CGPA: 6.95/10

Sri Satya Sai Vidya Vihar, Baripada April 2021 – May 2023

CBSE Board (12th) — Percentage: 65.16%

St. Anne's Convent School, Baripada May 2020 – May 2021

ICSE Board (10th) — Percentage: 80.16%

CERTIFICATIONS

- Corporate Governance, Ethical Decision Making, Business Analytics for Decision Making, Business for Good – Coursera
- Data Structures & Algorithms (DSA)
- Project Management – Coursera
- Smart India Hackathon (SIH) – 1st Place, Urban Wrap, KIIT Fest

LEADERSHIP & ACTIVITIES

- Core Team Member – Youth Red Cross Society (YRC); volunteered in Mega Blood Donation Camp
- Event Management Member – USC KIIT, Video Editing Domain; volunteered in KIIT Blood Donation Camp, awarded Certificate
